

# THE STINGER

## ELECTRIC FLEX SHAFT VIBRATOR MOTOR

## THE STINGER

The Stinger electric flex shaft concrete vibrator is lightweight, durable and versatile. The Stinger is a 15 amp (115-volt) universal motor that drives a full line of Minnich shafts and heads and comes standard with a quick disconnect that adapts to the vibrators of many manufacturers. The Stinger offers a more compatible speed range for today's placement challenges. The Minnich vibrator system design runs at a lower amp range and the durable frame extends vibrator life. The lightweight motor and frame-handle positions offer many ergonomic user features.

## FEATURES

Shoulder Strap

Durable Protective Frame
